

TECHNICAL DATA SHEET

RIV-407

DESCRIPTION : RIV-407 is a pressure sensitive hot melt, with a very aggressive tack and a long open time. It has been designed for labelling with Kronen and Canmatic, but is useful for many other applications. The application temperature of this product is 177 degree Celcius, however it has been used with success at temperature as low as 135 degree Celcius. The open time is higher than 200 seconds.

The powder applied on the hot melt glue is completely miscible with adhesive. This powder is a wax base and does not leave any residue in the equipment.

PROPERTIES :

BASE	Adhesive. Polymer.
COLOR	Colorless to light yellow.
VISCOSITY (cP at 177°C/350°F)	400-500cps
VISCOSITY (cP at 150°C/300°F)	Not available.
SOFTING POINT (°C)	65 to 75°C (149 to 167°F)
SPECIFIC GRAVITY	Not available.
STORAGE LIFE (MONTH)	6
CLEAN UP/DILUENT	LUBRIPRO 039 is the recommended product.
FILM PROPERTIES	Not available.
F.D.A.	N/A
REVISION DATE	2009-05-04

NON-WARRANTY- The facts stated and the recommendations made with respect to the use of any product are based on our own experiences and/or the experiences of others, and are believed to be reliable. However no guarantee of their accuracy is made. Before the using, purchaser shall determine the suitability of the product for his intended use, and purchaser assumes all risk and liability for loss, damage or expense directly or indirectly arising from the handling of use of the material or from any other cause whatever.

NON-GARANTIE- Les faits établis et les recommandations relatifs à l'utilisation de tout produit sont basés sur nos propres expériences et/ou sur les expériences de tierces personnes et celles-ci sont réputés être sûres. Toutefois, aucune garantie n'est accordée quant à leur exactitude. Avant l'utilisation, l'acheteur devra déterminer si le produit convient à l'utilisation qu'il entend en faire et l'acheteur assume tous les risques et toutes les responsabilités quant aux pertes, dommages ou dépenses causés directement ou indirectement par la manipulation ou l'utilisation du matériel ou par toute autre cause que ce soit.
